Patient-Friendly Summary

Dear [Patient Name],

This letter summarizes your recent consultation. Based on your visit, you are scheduled for hemorrhoid surgery using the Milligan's technique (code 140I). No referral is needed. We will contact you shortly to schedule your procedure. Please don't hesitate to call our office if you have any questions.

Sincerely,

[Your Name/Clinic Name]

Medical Assistant

Notes / Reasoning Trail

- [18:24:28] Checking for PII
- [18:24:28] pii_detection_node: PII detected = False, entities = []
- [18:24:28] Starting initial service code prediction.
- [18:24:32] Starting validate_soap_node

- Generated patient summary.
- [18:24:44] Checking for PII
- [18:24:44] pii_detection_node: PII detected = True, entities = [{'entity_type': 'ADDRESS', 'start': 8, 'end': 28}]
- [18:24:44] Anonymizing PII
- [18:24:44] anonymize_pii_node: PII has been anonymized
- [18:24:44] [predict_service_codes_node] Skipped prediction (codes exist)
- [18:24:44] Starting validate_soap_node
- Check referral required: False (triggered_by=None)
- [18:25:02] Generating follow-up questions
- [18:25:02] Completing workflow
